You're Invited to Exclusive, Hands-On Training on the New MDH Pharmacy Point-of-Sale Electronic Claims Management System!

The Maryland Department of Health (MDH) is pleased to announce the targeted launch of our new Pharmacy Point of Sale Electronic Claims Management System (POSECMS) on **October 30, 2022**.
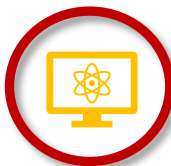

POSECMS will replace the Maryland Medicaid Pharmacy Program (MPP) current system with a cloud-based solution that improves the quality of pharmacy service delivery, supports cost containment strategies, and drives claims processing continuity for MPP providers and participants.

The purpose of POSECMS is to enhance the user experience while maintaining current claims processing requirements, which will not change with the new system release.

New Features and Benefits of POSECMS

POSECMS ensures timely and accurate payment of claims to providers and pharmacies through the real-time verification of participant eligibility, drug coverage, and reimbursement. New POSECMS functionality includes:

- ➢ **New E-Prescribing Capability**
- ➢ **Enhanced Web Portal with Prior Authorization Functionality**
- ➢ **Participant Call Center**

Training Registration

Please register for either in-person or virtual attendance within 24 hours of the scheduled event: **POSECMS Training Registration**

Training Attendees

The POSECMS training is designed to address the needs of the following attendees:

 Prescribers / Physicians   **Providers / Pharmacies**   **Administrators**
